

2-port miniature switch optical port

Overview

Connects two digital optical TosLink sources to one TosLink optical input Automatic or manual switching function Inputs: 2 x TosLink (LWL) outputs: 1 x TosLink (LWL) 2 year warranty, more about warranty conditions here This automatic optical 2 port audio switch allows. Connects two digital optical TosLink sources to one TosLink optical input Automatic or manual switching function Inputs: 2 x TosLink (LWL) outputs: 1 x TosLink (LWL) 2 year warranty, more about warranty conditions here This automatic optical 2 port audio switch allows. 1. Dual Gigabit & Fiber Integration 2 x 10/100/1000Mbps Ethernet ports plus 100/1000Base-X fiber converter enable seamless copper/fiber transmission. Auto-sensing adapts to 10/100/1000Mbps devices automatically, ideal for mixing legacy and modern industrial gear. Rugged Din Rail Durability. The Optilab compact low noise 2x2 bidirectional optical cross switch module is a simple and reliable tool for engineering, laboratory, production settings and field applications. The two input optical signals of the device can be directed to the two output ports in terms of Cross or By-Pass routing. The 2x2B Opto-Mechanical Bypass Fiber Optic Switch connects optical channels by redirecting two incoming optical signals into two output fibers. The switch features integrated electrical position. On Alibaba. com, one of the world's largest B2B marketplaces, you can find all the options for wholesale 2 ports mini switch you will ever need. 3af/at PoE Standard]—The media converter supports 10/100/1000Mbps. 10/100/1000Mbps+ (10/100/1000Mbps), meet power supply requirements of most devices. COMPACT DESIGN- Mini PoE switch with size of 3.
