

36-core fiber optic distribution box

Overview

This 36 Cores Fiber Optic Distribution Metal Box with internal structural parts, optical fiber connector, optical splitter (optional) and accessories, can be installed in wall, pole and other positions. It's convenient to do the connection and distribution of optical cable. Features: 1)ABS material used ensures the body strong and light. 2)Water-proof design for outdoor uses. 3)Easy. Grandway's Fiber Termination Box provides a high density wall mounted solution for next generation networks, which aims to provide and manage maximum numbers of fiber termination in a limited space. Water-proof design with. 36 Cores FTTH fiber optical terminal box, outdoor fiber optic termination box is used in wiring connection between optical cable and optical communication equipment, through adapter in distribution box, optical fiber jumper leads optical signal, realize optical wiring function, and can meet the. The product can meet the requirements of optical cable oval uncut installation, and meet the requirements of large number of core optical cable fusion and entering the home.
