

36-core optical distribution box

Overview

This 36 Cores Fiber Optic Distribution Metal Box with internal structural parts, optical fiber connector, optical splitter (optional) and accessories, can be installed in wall, pole and other positions. It's convenient to do the connection and distribution of optical cable. Features: 1)ABS material used ensures the body strong and light. 2)Water-proof design for outdoor uses. 36 Core Optical Distribution Box (DT-FDB-6036),Protection Grade:IP65,Design Suitable for indoor OR. 36 Cores FTTH fiber optical terminal box, outdoor fiber optic termination box is used in wiring connection between optical cable and optical communication equipment, through adapter in distribution box, optical fiber jumper leads optical signal, realize optical wiring function, and can meet the. YHT provides one stop solution for fiber optic splicing, distribution, termination and protection products. The main products include fiber optic patch panel, distribution box, ODF, FTTH box, fiber optic splice closure, optic splitter box, cabinet, connector, fiber patch cord, pigtail, adapter etc.
