

Aerial Accessories for Power Fiber Optic Cables

Overview

Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support. Ø 9-12 mm - stainless steel and fibreglass handle. Allows installation on horizontal extension arm. Used under the heads of bolts, nuts, and other threaded products to provide a broader bearing surface and increase the. ADSS Anchor Tension Clamps are hardware fittings used to securely terminate and anchor ADSS fiber optic cables on poles or towers without damaging the cable. Aluminum clamps to reduce strain. Holders with a nonconductive porcelain vessel and resistant steel components to ensure that your cable will remain steadfast as the seasons change. All fittings are carefully tested together with Hexatronic cables and ducts and approved for harsh climates all over the world. Talk to a product specialist! We are happy to.
