

Asian Fireproof Cable Tray Prices

AI Overview

Fireproof cable trays from Asian manufacturers, particularly China, typically range from \$10 to \$50 per meter depending on material, type, and customization.

Price Overview

Standard Galvanized Steel or Aluminum Ladder Cable Trays: Prices generally start around \$10–\$20 per meter for basic models suitable for commercial or industrial installations.

Stainless Steel or High-Strength Fireproof Cable Trays: Premium options, including SS304/SS316 or powder-coated trays, range from \$25–\$50 per meter, offering higher corrosion resistance and fireproof performance.

FRP/GRP (Fiberglass) Fireproof Cable Trays: These lightweight, corrosion-resistant trays are priced around \$15–\$40 per meter, depending on thickness, load capacity, and customization.

Factors Affecting Price

Material: Stainless steel and fiberglass trays are more expensive than galvanized steel.

Tray Type: Ladder, perforated, or wire mesh designs influence cost. Wire mesh trays are generally cheaper, while perforated or ladder types with high load capacity cost more.

Customization: Custom lengths, widths, or special coatings can increase the price. Many manufacturers offer OEM/ODM services.

Certifications: CE-certified or fire-rated trays may carry a premium due to compliance with international safety standards.

Order Quantity: Wholesale orders often receive discounted pricing, with some suppliers offering free samples for quality testing.

Sourcing Options

Top Chinese Manufacturers: Langfang Wanbo Cable Tray Co., Ltd., Shanghai Shengpengzhen Metal Products Co., Ltd., and Hdmann are leading suppliers with a wide range of fireproof cable trays.

Wholesale Platforms: Websites like Accio and Made-in-China provide competitive pricing, verified suppliers, and customizable options for bulk purchases.

Export-Ready Products: Many Chinese manufacturers offer CE-certified trays suitable for international projects, ensuring compliance with building codes and fire safety standards.
