

Brazil specializes in manufacturing cable trays

AI Overview

Some notable cable tray manufacturers in Brazil include Eletropoll, Brilltech Engineers, Cable House, and Eletro MW. Key Manufacturers

Eletropoll Eletropoll offers a wide range of electrical ducts, cable trays, profiles, accessories, and busbars. The company is recognized for its ISO 9001 certification and was among the first in Brazil to implement hot-dip galvanization, enhancing durability and corrosion resistance. Their structural trays feature 360° ferrules for improved mechanical performance, and their Quick Joint system reduces installation time significantly.

Brilltech Engineers Brilltech Engineers manufactures various types of cable trays, including ladder, perforated, PVC, mild steel, and stainless steel trays. They focus on customized solutions for residential, commercial, and industrial sectors, ensuring compliance with industry standards. Their trays are designed for enhanced airflow, cable protection, and easy installation, and the company provides technical support for system design and installation.

Cable House Established in 1983, Cable House produces cable trays along with hose clamps, cable ties, and crimping tools. They are known for customized solutions, high durability, and reliable performance. Cable House serves both national and international markets, emphasizing quality control and client satisfaction.

Eletro MW Eletro MW supplies cable trays, profiles, ducts, and galvanized conduits. They maintain a wide stock of electrical materials for quick delivery and provide support to ensure safe and complete electrical systems.

Summary These manufacturers provide a variety of cable tray solutions in Brazil, catering to different project requirements and industries. They offer high-quality materials, customization options, and technical support, making them reliable choices for electrical infrastructure projects.
