

Brunei Solar Cable Tray Company

AI Overview

Brunei-approved solar cable tray brands include ECTRAY, UMI Cable Support, Hutaib Electricals, and several international manufacturers listed by DES. Approved Manufacturers in Brunei The Department of Electrical Services (DES) Brunei maintains a list of approved products and manufacturers for electrical installations, including cable trays. Only products from these approved manufacturers are acceptable for use in Brunei. While the DES list does not always specify solar-specific trays, many of the approved brands provide solutions suitable for solar power plants. Notable Cable Tray Brands for Solar Installations

ECTRAY: Offers a wide range of cable trays including perforated, ladder, and mesh types. Their trays are made from high-quality materials such as Zinc Aluminum Magnesium (ZAM) and are suitable for industrial, commercial, and solar applications. They provide excellent ventilation, heat dissipation, and structural robustness, making them ideal for outdoor solar installations.

UMI Cable Support (Sun Energy System Sdn Bhd): Specializes in metal cable ladders, trays, and trunking with materials like Electro Zinc Galvanised Steel, Pre-Galvanised Steel, Mild Steel, and Stainless Steel. Their products meet stringent NEMA and CSA standards, offering durability and corrosion resistance for solar and renewable energy projects.

Hutaib Electricals: Focused on solar and renewable energy projects, providing cable trays engineered for harsh outdoor conditions, including UV exposure, heat, dust, and moisture. Their trays support large volumes of DC and AC cables, improve airflow, and simplify maintenance, making them highly suitable for solar power plants.

International Manufacturers: Several global brands are recognized for high-quality cable trays suitable for solar applications, including Atkore, PT Trias Indra Saputra, Chalfant Manufacturing, Sunil Engineering Corporation, ELCON Cable Trays, Excellerate, Tress Electricals, and Snake Tray. These companies offer ladder, perforated, and mesh trays with high load-bearing ca...
