

CE certified distribution box manufacturer

AI Overview

Reliable CE-certified distribution box manufacturers include ZCEBOX, Coloria, GEYA, CE-TEK, and Merhein, offering products for residential, commercial, industrial, and specialized applications. Leading Manufacturers ZCEBOX produces low-voltage distribution boxes, junction boxes, MCBs, and consumer units with CE certification, ISO9001 compliance, and additional approvals like ROHS and IK. Their LWHT Series is engineered for reliable power distribution in residential, commercial, and industrial settings, with options for customization and OEM/ODM services. Coloria offers CE-certified and ISO 9001-approved distribution boxes designed for safety and durability. Their products feature corrosion-resistant aluminum enclosures, flame-retardant ABS components, high-conductivity copper busbars, and multiple protection layers including overcurrent, short circuit, and earth leakage detection. IP rating options range from IP30 to IP65, suitable for indoor and outdoor environments. GEYA specializes in distribution boxes for photovoltaic systems and optical energy storage, with CE, UL, CSA, and TUV certifications. Their products are made from flame-retardant, impact-resistant ABS materials, offering IP65 protection and customizable designs. GEYA provides in-house testing and engineering support to ensure quality, performance, and safety. CE-TEK focuses on rugged electrical junction boxes for hazardous areas, including oil, gas, petrochemical, and pharmaceutical industries. Their enclosures meet the latest European standards and are available in various materials and sizes, including ATEX and IECEx-certified options for explosive environments. Merhein manufactures durable metal distribution boxes and consumer units with CE and TUV certification. Their enclosures are made from rustproof Q195 cold-rolled steel, offering IP30 protection and advanced anti-rust processing. These...
