

Cable tray hanger model

AI Overview

Specialized cable tray hangers are available as CAD and BIM models for various tray types, including adjustable, modular, and heavy-duty designs. CAD and 3D Model Resources TraceParts offers a wide range of cable tray CAD files compatible with SOLIDWORKS, Inventor, Creo, CATIA, Solid Edge, AutoCAD, Revit, and neutral formats like STEP, STL, IGES, DWG, and DXF. These include hangers and supports suitable for different cable tray systems. CGTrader provides free 3D models of cable tray hangers, including Revit families that can be adjusted to desired dimensions. These models are intended for digital use in rendering, animation, or AR/VR, and may require external plugins for full functionality. BIMobject allows downloading BIM objects for cable trays and horizontal racks, which can be directly loaded into Revit, SketchUp, Vectorworks, or ArchiCAD. This is useful for integrating hanger models into building information modeling workflows. GrabCAD hosts a large collection of cable tray support models, including specialized hangers, brackets, and adjustable supports. Users can download CAD files in multiple formats and contribute to the community library. Supplier Options Legrand Cablofil provides a comprehensive range of cable management systems, including wire mesh trays, ladder trays, prefabricated assemblies, and fasteners. Their modular Cable Bus and ladder tray systems include specialized hangers and supports designed for industrial and data center applications, ensuring safe and reliable installation. Key Considerations When selecting special cable tray hangers, consider: Tray type: Ladder, wire mesh, or solid bottom trays may require different hanger designs. Load capacity: Ensure hangers can support the weight of cables and trays. Adjustability: Some hangers allow height or angle adjustments for flexible installation. Material and environment: Stainless steel or coated hangers may be needed for corrosive or outdoor environments. Compatibility with CAD/BIM software: Choose models that integrate w...
