

Cable tray lateral support price

AI Overview

Cable tray lateral supports typically range from \$6 to \$65 per unit, depending on type, size, and material.

Price Overview

Wall-Mounted Brackets: Simple L-type or reinforced wall brackets for cable trays are priced between \$6 and \$25 per piece, depending on width and strength.

C-Channel Supports: Galvanized Iron (GI) C-channel supports range from ₹240 to ₹437 in India (approx. \$3–\$5.50 USD) for different gauges (14 SWG, 16 SWG, 18 SWG).

Z-Supports: GI Z-supports are slightly higher, ranging from ₹350 to ₹625 (approx. \$4–\$7.50 USD) depending on gauge and load capacity.

Trapeze and Center Hangers: Pre-galvanized steel trapeze or center supports for wire mesh cable trays cost between \$15 and \$30 per unit, with longer or heavier-duty versions reaching \$35–\$65.

Specialty or Seismic Bracing Kits: Kits designed for seismic or heavy-duty applications can cost \$50 and above, including multiple brackets, cables, and clamps for long cable tray runs.

Factors Affecting Price

Material: Steel, stainless steel, or galvanized finishes increase durability and cost.

Size and Load Capacity: Wider or longer supports designed for heavier cable loads are more expensive.

Type of Support: Wall-mounted, floor-mounted, cantilever, or trapeze systems vary in complexity and price.

Quantity and Supplier: Bulk purchases or wholesale orders may reduce per-unit cost, while specialty distributors may charge more for premium brands like Cablofil or B-Line.

Buying Tips

For industrial or commercial installations, pre-galvanized steel or stainless steel supports are recommended for corrosion resistance. For office or light-duty setups, standard L-brackets or C-channels are cost-effective and sufficient. Check supplier catalogs (Platt Electric, Graybar, Elecload, Kable Kontrol) for exact pricing and availability, as prices can vary by region and stock. By considering material, type, and load requirements, you can select the appropriate cable tray lateral support within the \$6–\$65 range for most applications.
