

Cable tray manufacturing in Australia

AI Overview

Leading cable tray manufacturers in Australia include EzyStrut, Burndy CSS, Axelent, Brilltech, Ozstrut, and Blitz Systems, offering durable, compliant, and versatile cable management solutions. Top Manufacturers and Their Offerings

EzyStrut is one of Australia's most prominent cable tray manufacturers, with over 35 years of experience. They provide a wide range of products including ladder trays, solid-bottom trays, and wire mesh trays suitable for commercial, industrial, mining, and telecommunications applications. Their trays are made from pre-galvanised or hot-dip galvanised steel, as well as aluminium, and can be customised for high loads or fire-rated requirements, ensuring compliance with Australian standards (AS4680:2006) and project-specific needs.

Burndy CSS (Cable Support Systems) specializes in cable trays designed for extreme conditions, such as high temperatures and corrosive environments. Their products are widely used in oil and gas, mining, and power generation industries. Burndy CSS offers both standard and custom trays, emphasizing durability, flexibility, and ease of installation.

Axelent focuses on innovative cable basket trays, providing organized, space-saving solutions ideal for data centers, telecom installations, and commercial electrical systems. Their trays are designed for easy access and frequent maintenance, ensuring reliability and long-term performance.

Brilltech manufactures a variety of cable tray solutions for commercial and industrial applications, emphasizing safe and efficient cable management. Their products cater to diverse project requirements, supporting both standard and specialized installations.

Ozstrut provides a range of cable trays and support systems suitable for industrial and commercial projects, offering robust solutions for cable routing and management.

Blitz Systems offers the BT3 Cable Tray and accessories, designed to reduce installation time, minimize labor costs, and improve operational efficiency. Their systems include fire-rated suspension support...
