

Cable trays and trunking in stock

AI Overview

A wide range of cable trays and trunking systems are available in stock, including ladder, solid bottom, wire mesh, and PVC options, ready for immediate purchase.

Types of Cable Trays and Trunking

- Ladder Cable Trays:** Feature rungs similar to a ladder, ideal for heavy cables and high-volume runs, providing excellent ventilation and easy access for maintenance.
- Solid Bottom Cable Trays:** Offer a fully enclosed surface for smaller or delicate cables, providing stability and protection.
- Wire Mesh/Basket Trays:** Lightweight, flexible, and easy to install, suitable for complex routing in commercial and industrial settings.
- Channel and Trough Trays:** Compact solutions for limited spaces, with sidewalls for additional cable protection.
- Cable Trunking:** Closed or semi-closed systems for neat, secure routing of power, data, and control cables, available in various sizes and materials.

Materials and Finishes

- Metal Options:** Galvanized steel, hot-dip galvanized steel, stainless steel (304 and 316), and electro-galvanized steel for durability and corrosion resistance.
- Plastic Options:** Halogen-free or PVC trays for fire resistance, impact resistance, and lightweight installations.

Stock Availability and Sizes

Suppliers maintain extensive stock levels to ensure prompt delivery. Common widths range from 50mm to 600mm, with lengths typically in 1-meter and 3-meter sections. Accessories such as brackets, clamps, and threaded rod hangers are also available to support customized installations.

Applications and Benefits

Cable trays and trunking are used in commercial, industrial, and residential projects to:

- Organize and protect electrical and data cables
- Ensure compliance with standards like DIN EN 61537, IEC, VDE, and NEC
- Reduce fire load and improve safety
- Simplify future expansions and maintenance
- Save installation time and improve overall project efficiency

Where to Buy

Ekabel24: Offers a wide range of cable trays, ladders, and trunking in steel, stainless steel, and halogen-free plastic, compliant with international standards.
