

Companies in Mozambique that use fiber optic connectors

AI Overview

Key local companies in Mozambique supplying fiber optic products include NiaFiber and Celmoque, both offering a range of fiber optic cables and accessories suitable for telecom and broadband networks. NiaFiber Africa Limited is a prominent company providing fiber optic infrastructure solutions across Africa, including Mozambique. They supply a variety of fiber optic cables such as duct fiber cables, ADSS cables, air-blown micro cables, and FTTH indoor/outdoor cables, all designed for high-capacity, reliable data transmission in diverse environments. While primarily focused on cables, NiaFiber also offers fiber accessories and components, which may include connectors and related installation products for telecom networks.

Celmoque, part of Grupo Visabeira, operates in Mozambique with a focus on electrical cables, telecommunication networks, and related infrastructure. The company has a long-standing presence in the local market and provides products that support fiber optic deployment, including cabling and network accessories, which may encompass connectors and installation components.

Other Verified Suppliers Mozambique has a small but growing fiber optic sector, with verified cabling and fiber optics companies located in Maputo and Matola. These companies offer a range of fiber optic products and may provide customized solutions for connectors and network components. Additionally, online directories list suppliers and exporters of fiber optics from Mozambique, which can be a useful resource for identifying manufacturers or distributors of connectors.

Market Context The Mozambique fiber optic connectors market is moderately competitive, with multiple players contributing to the supply of fiber optic components. The market is evolving, and local companies are increasingly adopting international standards for high-quality connectivity solutions.
