

Complete Design of Exhibition Hall Power Distribution Box

Overview

Our Power Distribution Box drawing is the foundational blueprint you need. This comprehensive CAD file provides all the technical details for fabricating or specifying a robust, safe, and professional electrical enclosure for your next project. From standard configurations to customizable options, our event power distribution boxes offer versatility and convenience for various electrical power. Wiremold® Convention Center Series Products are industry leading solutions for providing multiple utilities services directly to the show room. Products range from floor boxes (CCFB Series, ITTBOX Series) to Wall boxes (CCWB Series) to portable power distribution units (PPDU Series). CCFB. Event power enclosures protect breakers, outlets, and cables from rain, dust, impact, and public contact, helping large events run safely. Front-access switchboards align at the rear.
