

# Direct Sales of Low-Voltage Distribution Boxes Manufacturing

## AI Overview

Low-voltage distribution boxes are available for factory-direct purchase from Chinese manufacturers, offering customization, OEM/ODM services, and certified quality. Key Manufacturers and Suppliers

**ZCEBOX** – A professional manufacturer of low-voltage electrical products, including distribution boxes, junction boxes, MCBs, and consumer units. They provide OEM and ODM services, comply with ISO9001, CE, ROHS, IK, and HF standards, and can produce large volumes at competitive prices from their facility in China.

**Delixi Group** – Offers the JXF series low-voltage distribution boxes, suitable for industrial and civil applications with voltages up to 380V and 50Hz frequency. They specialize in customized bulk orders and are a well-known Chinese brand with decades of manufacturing experience.

**Alibaba Suppliers** – Multiple listings provide factory-direct sales of low-voltage switchgear, control boxes, and metal power enclosures. These suppliers offer customization based on engineering drawings, PLC programming for remote monitoring, and quality control inspections before shipping. Lead times are typically around 30 days for orders under 1000 units, with discounts available for larger quantities.

**Ordering and Customization**

**OEM/ODM Services:** Most manufacturers accept custom designs, including component layout, enclosure size, and labeling.

**Quality Assurance:** Products undergo QC inspections at each production stage, and some suppliers allow video inspections or on-site factory visits before delivery.

**Lead Time and Pricing:** Standard orders usually take 30 days, with bulk orders eligible for discounts. Shipping fees and delivery dates are negotiable.

**Applications**

Low-voltage distribution boxes are widely used in industrial, commercial, and residential settings for power distribution, automatic control, and safety protection. They can be integrated with circuit breakers, switches, and monit...
