

Direct Supply of Photovoltaic Cable Trays to Qatar

AI Overview

Qatar has multiple local suppliers and manufacturers capable of directly supplying high-quality photovoltaic cable trays, including ICMS and Altura Industries, meeting international standards for solar PV installations.

Key Suppliers in Qatar

- 1. ICMS (Industrial Cable Management System Co)** ICMS is a pioneer in cable management systems in Qatar, established in 2006. They manufacture cable trays, ladders, trunking, and support systems to international standards, suitable for photovoltaic and industrial applications. ICMS offers metal-coated trays for durability in harsh environments and provides local support, installation guidance, and after-sales service. Their products are recognized for quality and compliance with global standards, making them a reliable choice for solar PV projects.
- 2. Altura Industries** Altura Industries is a leading cable tray manufacturer and supplier in Qatar, offering solutions such as GRP/FRP cable trays, wire mesh trays, and cable ladders. Their products are designed for smooth cable pulling and resistance to corrosive environments, which is critical for solar PV installations exposed to outdoor conditions. Altura also provides C-channel supports and trunking accessories, ensuring complete cable management solutions for MEP contractors.
- 3. Power Links Qatar** While primarily focused on high-voltage and extra-high-voltage cable systems, Power Links Qatar provides cable support fabrication, installation, and testing services, which can complement photovoltaic projects requiring structured cable routing and secure tray installation.

Import and Buyer Information Qatar imports cable trays from multiple international suppliers, and there are 78 active importers sourcing from 46 countries, including major buyers like Petrofac Qatar and North Oil Company. This indicates a well-established supply chain for cable trays, including t...
