

European Cable Tray Factory Manufacturer

AI Overview

Leading European cable tray manufacturers include DKC Europe, Eurostrut, Trayco, Eurotray, and several specialized German producers. Key Manufacturers DKC Europe is a prominent European provider offering a wide range of cable tray systems, energy protection, and distribution solutions for both civil and industrial infrastructures. Their products are designed for durability and compliance with European standards. Eurostrut specializes in cable management systems including cable trays, cable routes, and NATO-type trays. Their trays are made from hot-dip galvanized steel or stainless steel, suitable for indoor and outdoor applications, and feature open or perforated designs to reduce overheating. Trayco is a Belgian manufacturer producing cable trays, mesh trays, and cable ladders. They provide tailored solutions and consulting services for installation projects, emphasizing optimization and project-specific guidance. Eurotray Support Systems offers cable trays and mounting systems designed for heavy cable loads, vertical applications, and environments with high cable heating. Their products are widely used in data centers, food manufacturing plants, and industrial installations, with options for low, medium, and high voltage cables. German Manufacturers include companies like PFLITSCH GmbH & Co. KG and WDM Deutenberg, which produce corrosion-resistant and high-quality cable trays. German suppliers offer a variety of sizes, sheet thicknesses, and materials such as zinc-coated steel, hot-dip steel, and aluminum, catering to industrial and commercial applications.

Product Features and Applications

Materials: Steel (galvanized, hot-dip), stainless steel, aluminum

Designs: Perforated, ladder, mesh, solid-bottom trays

Applications: Industrial plants, data centers, marine environments, high-voltage installations

Advantages: Easy installation, durability, fle...
