

Free quote for edge data center IP67

Overview

Get data center quotes from Edge Centres. House your entire edge computing infrastructure in a single secure, prefabricated micro data center cabinet with self-contained cooling, monitoring, & more. Shengen's IP67 enclosures offer superior sealing, verified by UL Listing. Made from high-quality materials, they protect entirely against dust and water immersion. They are available in various sizes with customization options to meet your specific needs. The CorEdge IP67, is an industrial-grade PC engineered for rugged reliability and high performance. Designed to thrive in challenging environments, its fanless, low-noise enclosure is IP67-rated, allowing submersion up to 3ft 3in, making it water-resistant and suitable for harsh conditions.
