

High-density edge data center IP67 available now

Overview

Siemens Smart Infrastructure, Cadolto Datacenter GmbH (Munich, Germany), and Legrand Data Center Solutions (Baiersdorf, Germany) are jointly unveiling a next-generation modular edge data center – a turnkey solution engineered for speed, scalability, and sustainability. Available in ClearCurve® OM3, OM4 and single-mode, EDGE simplifies MTP®-based structured cabling to ensure networks have an optimized migration path as networks grow. Ingenuity is a next-generation data center solution built for the world's most demanding cloud and AI/HPC data center customers. We enable HPC, AI Training, and AI Inferencing workloads, which are foundational in this generational shift to Artificial Intelligence. Our highly flexible designs. Privacy Policy Acceptable Use Policy Do Not Sell or Share My Personal Information We are the leading Edge Data Center provider experts bringing speed, agility and security to your business and customers. Contact EdgeConneX experts today. The innovative system will. Edge data center solutions from Vertiv offer the fastest path to scale Edge capacity. They are proven to accelerate deployment while driving end-to-end simplicity and reduce risk of hidden costs and project delays.

Article Content

Edge Data Centers | Vertiv Solutions

Edge data center solutions from Vertiv offer the fastest path to scale Edge capacity. They are proven to accelerate deployment while driving end-to-end simplicity and reduce risk of hidden costs and project

Data Centers Built for Advanced AI Reasoning | NVIDIA

Revolutionize the data center for AI with NVIDIA's comprehensive accelerated computing platform, built on cutting-edge GPU, CPU, and networking tech.

Transforming the Edge with High Density Data Center Solutions

High density edge colocation data centers are primed to play a major role in transforming the infrastructure edge by moving the storage, content and applications close enough to where they

The path to power

AI tasks rely on high-density GPUs with a thermal design power (TDP) that can rapidly reach over 1,000 watts, a far cry from the 300-500 watts

EDGE™ Data Center Solutions

Corning's award-winning EDGE™ data center solutions are pre-terminated, modular high-density optical cabling solutions for simplified network installation.

Edge Data Center: Everything You Need to Know

The concept of edge computingEdge computing represents a significant evolution in data processing, enabling real-time data analysis and decision-making by

Press Kit: Intel at MWC Barcelona 2026

At MWC Barcelona, Intel will demonstrate innovations across the core network, RAN, enterprise networks and enterprise edge – illustrating how

Building data centers bigger, faster | McKinsey

Advanced cooling technologies, such as immersion cooling and liquid cooling, are being implemented inside data centers to manage the heat that high

Modular Data Center Guide: Types & When It Wins | ModulEdge

Modular data centers: 5 form factors, what's inside, economics, and when prefabricated wins over traditional builds for 30 kW–8 MW workloads.

Reinventing the edge: Siemens, Cadolto and Legrand

Siemens, Cadolto and Legrand introduce new modular edge data center. The innovative system debuts at Data Center World Frankfurt, taking

Infinium Launches Infinium Edge™ Platform for High

Infinium Edge Immersion Fluids™, a new class of custom-engineered dielectric fluids specially made for AI and HPC data centers, are designed to

The next big shifts in AI workloads and hyperscaler strategies

Smaller data centers will be connected by high-speed networks, optimized for real-time inferencing and large-scale training. A significant portion of inferencing will continue shifting to the

Global Data Center Trends 2024

A worldwide power shortage is limiting the global data center market's growth and fueling price increases. AI is projected to drive future demand.

Modular Data Centers | Vapor IO

Self-contained, energy-efficient, and secure, these edge data centers are designed for quick, consistent deployments and unattended operation. No other platform delivers the same level of consistency

Modular Data Centers / POD Supplier for AI & HPC

Our modular data centers are built for high-density workloads, including AI and high-performance computing (HPC). We support up to 100kW per rack with liquid

EdgeConneX | Hyperlocal to Hyperscale Data Center Provider

We are the leading Edge Data Center provider experts bringing speed, agility and security to your business and customers. Contact EdgeConneX experts today.

Schneider Electric Launches New Data Center Solutions to Meet ...

The new EcoStruxure Pod Data Center and EcoStruxure Rack Solutions are now available globally. Organizations are deploying AI clusters and grappling with extreme rack power

Edged US Builds Waterless, High-Density AI Data

Edged US is scaling high-density AI data center campuses across major U.S. metros using waterless cooling, standardized designs, and integrated delivery

PowerEdge Data Center Compute Servers | Dell USA

Enhance Data Center workloads with PowerEdge High-performance computing Perform complex compute in fields such as bioinformatics, climate modeling, and

Edge and Hyperscale Data Centers in the AI Era:

The demand for edge and hyperscale data centers creates opportunities for investors as competitors fight to supply the computing power

Schneider Electric Launches New Data Center

Innovative prefabricated data center architecture provides critical IT infrastructure for high-density computing clusters New rack PDUs and rack

High Density Data Center Solutions | EdgeCore

EdgeCore delivers high density data center solutions built for the world's largest cloud and AI workloads, with gigascale campuses offering unmatched power,

EDGE™ Data Center Solutions

Corning EDGE data center solutions provide best-in-class high-density connectivity, tool-less installation, and scalable, modular components.

High-Density AI Data Centers

The rapid evolution of artificial intelligence (AI) and high-performance computing (HPC) workloads is placing extraordinary new demands on data center infrastructure worldwide. As organizations adopt

Data Centers and Networking | nVent DATA-SOLUTIONS

Colocation and Multi-Tenant Data Center Solutions nVent enables colocation providers to accelerate time-to-deployment for their customers with reliable, efficient, and scalable data center infrastructure

NASA/ADS

A streamlined platform for accessing astrophysics data and research resources.

High Density Data Center Solutions for AI and HPC | EdgeConneX

Explore innovative high-density solutions and advanced data center services. Optimize your IT infrastructure with scalable and efficient solutions with EdgeConneX.
