

High-quality Nordic cable trays

AI Overview

For high-quality Nordic-style cable trays, consider the X-Tray system from Nordic Wire Tray or Meka's KS80 cable ladders, both offering durability, customization, and ease of installation.

Nordic Wire Tray (X-Tray Series) The X-Tray system is a premium Nordic cable tray solution designed for flexibility and high load capacity. Key features include:

- Customizable designs to fit unique project requirements, including thin or thick cables and varying installation environments.
- High-quality materials with long lifespan and resistance to harsh conditions, reducing maintenance needs.
- Ease of installation with intuitive design, long bracket distances, and minimal parts, allowing faster assembly and lower costs.
- Compliance with IEC 61537, ensuring safety and industry-standard performance.
- Material options include various surface treatments and metals, with fast delivery from stock or custom production.

The X-Tray system is suitable for industrial, commercial, and even design-conscious residential applications, combining Nordic minimalism with functional cable management.

Meka Cable Management Solutions Meka offers a range of Nordic-style cable support systems, including:

- KS80 cable ladders for high load capacities and wider spans, ideal for industrial environments.
- Tube side profiles that protect against dust, dirt, and humidity, suitable for pulp, paper, wood, food industries, and outdoor installations.
- Materials include galvanized steel and acid-proof steel, ensuring durability and corrosion resistance.

Over 40 years of experience in Nordic cable management, providing reliable and tested solutions.

Choosing the Right Tray When selecting a Nordic-style cable tray, consider:

- Application type:** Industrial, commercial, or residential.
- Material and finish:** Stainless steel (304 or 316) for corrosion resistance, powder-coated metal for aesthetics.
- Load capacity and span:** Ensure the tray supports the weight and length of your cable runs.
- Installation efficiency:** Look for systems with fewer parts, long bracket distances, and easy mounting options.
- Cust...**
