

How much does a Haitian wire mesh cable tray cost

AI Overview

Haitian wire mesh cable trays typically cost between \$800 and \$2,500 per ton, depending on material, size, type, and order volume.

Pricing Overview

The wholesale cost of wire mesh cable trays is influenced by several factors:

- Material:** Steel (galvanized or stainless), aluminum, or fiberglass. Stainless steel and fiberglass are more expensive due to durability and corrosion resistance.
- Tray Type:** Ladder, perforated, trough, or wire mesh trays. Wire mesh trays are lightweight and ventilated, suitable for heat dissipation, while ladder trays are robust for heavy-duty applications.
- Size and Dimensions:** Larger trays or custom sizes increase cost. Standard sizes are more economical.
- Order Volume:** Bulk orders reduce the unit price. Suppliers often offer discounts for large quantities.
- Surface Coatings:** Galvanized, powder-coated, or epoxy-coated trays may cost more due to added protection.
- Market Conditions:** Steel and raw material prices fluctuate, affecting overall cost.

Estimated Wholesale Costs

Based on 2025 market data, wire mesh pricing ranges from \$800 to \$2,500 per ton, excluding shipping and taxes. For Haitian suppliers, prices may vary slightly due to local production costs, import/export fees, and supplier policies. For example, Haitian manufacturers offer ladder-type and perforated cable trays suitable for industrial and commercial applications.

Sourcing Tips

- Contact Verified Haitian Suppliers:** Platforms like [Globalsuppliersonline](#) list Haitian wire mesh manufacturers and exporters.
- Request Custom Quotes:** Provide specifications such as tray type, dimensions, material, and quantity to get accurate pricing.
- Consider FOB or DDP Terms:** Shipping costs are usually separate; clarify whether the price includes freight.
- Negotiate Bulk Discounts:** Larger orders often reduce the per-unit cost.

In summary, for wholesale Haitian wire...
