

How much does a Palestinian metal cable tray cost

AI Overview

Metal cable trays in Palestine typically range from \$10 to \$50 per meter depending on material, size, and type.

Pricing Overview

The cost of cable trays in Palestine varies based on material, dimensions, and manufacturing quality:

- Galvanized Steel Cable Trays:** These are the most common and durable, offering corrosion resistance and mechanical strength. Prices generally range from \$15 to \$35 per meter for standard sizes like 100mm x 50mm, with larger or custom sizes costing more.
- Stainless Steel Cable Trays:** Recommended for high-corrosion environments, stainless steel trays are more expensive due to superior rust resistance and durability, typically \$30 to \$50 per meter.
- Aluminum Cable Trays:** Lightweight and corrosion-resistant, aluminum trays are less costly than stainless steel but offer lower mechanical strength, usually \$10 to \$25 per meter.
- Mild Steel Cable Trays:** These are the most economical option, suitable for indoor or low-humidity applications, often priced \$10 to \$20 per meter.

Factors Affecting Price

- Tray Type:** Perforated, ventilated, or solid-bottom trays influence cost. Perforated trays allow better airflow but may be slightly more expensive.
- Size and Dimensions:** Wider or taller trays that accommodate more cables cost more. Standard sizes like 100mm x 50mm are widely available and more affordable.
- Customization:** Custom lengths, bends, or coatings can increase the price.
- Supplier and Brand:** Local manufacturers like Jeetmull Jaichandlall and Brilltech Engineers offer competitive pricing and may provide bulk discounts.

Suppliers in Palestine

- Jeetmull Jaichandlall (P) Ltd.:** Offers a variety of cable trays in different sizes, shapes, and finishes, emphasizing quality and industry compliance.
- Brilltech Engineers Pvt. Ltd.:** Provides galvanized, stainless steel, and fiberglass trays with installation support and customization options.
