

How much does a cable mesh tray cost in Jamaica

AI Overview

Cable mesh trays in Jamaica typically range from JMD 600 to JMD 7,500 per 5-foot section, depending on size, material, and finish. Price Overview The cost of a wire mesh cable tray in Jamaica varies based on width, length, material, and surface finish. For example, a 5-foot galvanized zinc-plated steel tray with a 12-inch width and 2-inch depth is available at local suppliers, with prices generally starting around JMD 600–1,500 for smaller widths and increasing for larger or reinforced trays.

. Factors Affecting Cost Material: Galvanized steel is common and cost-effective, while stainless steel or aluminum trays are more expensive due to corrosion resistance and durability. Size and Dimensions: Wider or longer trays cost more. Standard widths range from 4" to 12", and lengths are typically 5' or 10' sections. Finish and Coating: Electro-zinc or chrome finishes increase resistance to corrosion but add to the price.

. Accessories: Brackets, couplers, and ceiling hangers are sold separately and can add to the total cost. Bulk Orders: Purchasing multiple trays or project-scale orders can reduce the per-unit cost.

. Local Suppliers CESCO Limited offers a range of cable management products and can provide quotes for mesh trays. CB Cabling Technologies Ltd supplies enterprise network cabling solutions, including cable trays.

. Villa Anyelina lists wire mesh trays with detailed specifications and installation accessories. Jeetmull Jaichandlall is recognized as a top cable tray manufacturer and supplier in Jamaica, offering competitive pricing.

. Practical Tips Compare prices from multiple suppliers to account for shipping and local availability. Consider the total cost including installation accessories and labor. For outdoor or corrosive environments, investing in higher-quality finishes can reduce long-term maintenance costs. By considering these factors, you can budget effectively for cable mesh trays in Jamaica...
