

How much does a galvanized perforated cable tray cost

AI Overview

The current price of galvanized perforated cable trays in India ranges from approximately ₹74 to ₹90 per meter, depending on the supplier and specifications. Price Overview Some of the most affordable suppliers on IndiaMART offer the following starting prices for galvanized cable trays: Ajay Electric & Metal Industries – ₹74 per meter SV Metal & Extrusions Private Limited – ₹85 per meter Super Cable Tray Private Limited – ₹90 per meter Prices may vary based on tray size, thickness, perforation pattern, and order quantity. Bulk orders often attract discounts, and contacting suppliers directly is recommended for the latest pricing and delivery details. Features and Benefits Galvanized perforated cable trays are made from steel with a zinc coating, providing excellent corrosion resistance and durability, making them suitable for industrial, commercial, and outdoor applications. The perforated design allows: Ventilation to prevent cable overheating Ease of installation and flexibility for wiring changes Reduced dust accumulation and maintenance needs These trays are widely used in low-voltage wiring, power distribution, and communication systems, offering a long service life and cost-effective cable management solution. Material and Construction Hot-dip galvanization is commonly used to enhance corrosion resistance Steel core provides structural strength to support heavy cable loads Available in various sizes and technical specifications to meet client requirements Purchasing Tips Compare prices from multiple suppliers to get the best deal Confirm tray dimensions, load capacity, and perforation type Consider bulk orders for cost savings and delivery efficiency By considering these factors, buyers can select a durable, cost-effective galvanized perforated cable tray suitable for their specific electrical installation needs.
