

Huawei 100M optical module price

AI Overview

Huawei QSFP28-100G-SR4 100M optical modules typically range from \$400 to \$700 per unit, depending on supplier, quantity, and shipping options.

Overview of the Huawei QSFP28-100G-SR4

The Huawei QSFP28-100G-SR4 is a high-speed optical transceiver designed for 100 Gigabit Ethernet (100G) over short distances, supporting up to 100 meters on multimode fiber (OM4) and 70 meters on OM3 fiber . It uses an 850nm wavelength and features an MPO/PC connector (8-strand or 12-strand, type B, female), making it suitable for data centers, enterprise networks, and high-performance computing environments . The module is compatible with Huawei switches and other QSFP28 ports, providing reliable connectivity and high-speed data transfer.

Pricing and Purchase Options

Typical Price Range: \$400–\$700 per module, depending on the supplier, order volume, and shipping location .

Suppliers: Available from multiple authorized distributors such as Huatelecom, MF-Telecom, Router-Switch, and FiberMall .

Bulk Orders: Many suppliers offer discounts for bulk purchases and provide worldwide shipping.

Warranty and Support: Genuine modules come with full manufacturer warranties, quality verification, and technical support for installation and compatibility.

Additional Considerations

Accessories: MPO fiber cables, patch panels, cleaning kits, and protective cases are recommended for optimal performance and maintenance .

Compatibility: Ensure the module is compatible with your existing network switches and fiber infrastructure. Most suppliers provide compatibility testing before shipment .

Ordering: For exact pricing, it is recommended to contact the supplier directly via email or live chat, as prices fluctuate based on inventory, region, and market demand . By considering these factors, you can select the right Huawei 100M optical module for your network needs while ensuring cost-effectiveness and reliability.
