

Huawei Type 86 Fiber Optic Panel

AI Overview

The Huawei Fiber Optic 86-type Panel is a compact, wall-mounted mini ODF designed for FTTH and enterprise fiber networks, supporting 2 fiber cores with SC/APC or SC/UPC adapters.

Overview The Huawei 86-type fiber optic panel is a mini optical distribution frame (ODF) faceplate designed for wall-mounted installation in standard 86x86 mm electrical boxes (). It is primarily used for fiber termination and connection in FTTH (Fiber to the Home), FTTO (Fiber to the Office), and other optical fiber LAN or communication systems ().

Key Features

- Compact Size:** 86x86x24 mm, suitable for standard wall boxes, making it ideal for space-limited environments ().
- Fiber Capacity:** Supports 2 fiber cores, allowing for simple point-to-point connections ().
- Connector Compatibility:** Equipped with SC/APC or SC/UPC adapters, and can coordinate with FC strip-type optical adapters for flexible interface options ().
- Material:** Constructed from PC and ABS, ensuring durability and long-lasting performance ().
- Installation:** Easy to mount on walls with a clasp cover design that reduces installation effort and supports both open and concealed cabling ().
- Applications:** Suitable for FTTH, FTTO, FTTD, and other optical fiber communication systems, providing stable high-speed data transmission ().

Advantages

- Cost-Effective:** Offers a reliable solution for small-scale fiber deployments without the need for larger panels ().
- High-Quality Connectivity:** Ensures stable connections for enterprise wireless access points and other network devices ().
- Customizable Options:** Supports pigtailed in 0.9 mm and 2.0 mm, allowing adaptation to different network requirements ().

Summary The Huawei 86-type fiber optic panel is a compact, versatile, and durable solution for fiber termination in residential and enterprise networks. Its small footprint, easy installation, and flexible connector options make it ideal for FTTH and other optical fiber applications, providing reliable high-speed connectivity in limited spaces ().
