

KDM Distribution Box

Overview

KDM Steel is one of the leading manufacturer and supplier of fiber optic distribution box in China. We provide complete line of high quality packaging equipments. A full range of Power Distribution Boxes are available for a variety of applications including the film, event and entertainment industries. These are made from high strength materials which make them highly reliable. All fall arrest and fall restraint systems are required to be used in conjunction with PPE that typically comprise a full body. K&M Stackable Power Distribution Cabinet is a piece of power distribution equipment that integrates multiple electrical components—such as circuit breakers, power modules, and energy storage units—through vertical or modular stacking, designed to enhance space utilization and system integration.

Article Content

Wall-Mounted vs Floor-Mounted Distribution Boxes

Choosing between wall-mounted vs floor-mounted distribution boxes can have a big effect on the safety, economy, and bottom line of your project.

Industrial Control Panel Enclosure and Cabinet
