

KVM Switch with Two Inputs and Two Outputs High-Refresh Rate

Overview

Designed with a full-featured USB-C port, this powerful dual monitor KVM switch can serve as a USB-C docking station for your laptop. KVM switches let you control multiple computers with one keyboard, mouse, and monitor. If you want a practical kvm switch for dual computers and dual monitors without running extra video cables to each screen, the Unitek DisplayPort model is a strong fit. It allows you to view extra screens, boosting your productivity in office work, gaming or learning. Plug & play without any software installation or driver. Ideal KVM for Gaming - Supports Dynamic HDR (HDR10+, Dolby Vision) for improved color accuracy and realistic visuals. Features VRR, FVA, and ALLM to reduce screen tearing, stuttering, and input lag, ensuring a smoother gaming experience Switching Made Easy - Choose from 4 convenient switching. Control your desktop/laptop/game console easily with two monitors and one set of USB 3. Switch easily between up to three source.
