

Kenya fiber optic cable cut

Overview

Nairobi County officials have cut fibre optic cables from Kenya Power's utility poles, disrupting internet services for businesses, schools, and homes as tensions escalate over an unpaid electricity bill of \$23. The county government acknowledges the bill but insists Kenya. The Technology Service Providers Association of Kenya (TESPOK) has issued a sharp rebuke against the destruction of critical ICT infrastructure by Nairobi County Officials amid its spat with utility firm, Kenya Power. • The Industry representative has warned that the action could not only disrupt. The Communications Authority of Kenya (CA) has acknowledged concerns raised by ICT stakeholders following the disruption of critical internet services due to the removal of fibre optic cables mounted on Kenya Power poles within Nairobi County.
