

Mexican Network Cabinet Manufacturing Company

AI Overview

Mexico hosts several high-quality network cabinet manufacturers offering customizable, durable, and cost-effective solutions for data centers, networking, and commercial applications. Key Manufacturers and Capabilities

1. North System North System specializes in custom cabinets and racks for network, automation, and electrical applications. Their products include monitoring consoles, electrical cabinets, and specialized storage for medical and industrial equipment. They provide tailored engineering solutions to meet specific client requirements, ensuring protection and organization of sensitive equipment. North System distributes throughout Mexico and exports to the USA, Central, and South America, offering free shipping in major cities like Mexico City, Guadalajara, and Monterrey .
2. Sanmina Guadalajara Sanmina's Guadalajara facility focuses on enclosures and metal fabrication for networking, data storage, medical, and computing markets. They offer high-mix, medium-volume manufacturing, including chassis, frames, and cabinets. Their capabilities include CNC machining, robotic welding, powder coating, and system integration. Sanmina supports ISO 9001, ISO 14001, TL 9000, and UL standards, making them suitable for high-quality, industrial-grade network cabinets .
3. Horizon Latam Horizon Latam manufactures cabinets for data rooms, electrical rooms, and hot/cold aisle containment systems. Their network cabinets feature perforated or tempered glass doors, modular designs for quick assembly, and pre-installed fan trays for cooling. They emphasize airflow management, equipment protection, and modular expansion, making them ideal for data centers and server rooms .
4. Cabo Cabinet Group Cabo Cabinet Group produces framed, frameless, RTA, and fully built kitchen and bathroom cabinets, but they also serve multi-family, stud...
