

Middle East Level 1 Distribution Box Installation Company

AI Overview

Several reputable companies in the Middle East provide Level 1 distribution box installation, offering turnkey solutions from supply to commissioning. Key Companies and Services

1. TransGulf FZCO TransGulf is a UAE-based MEP contracting company specializing in electrical distribution, power transmission, and automation works across the Middle East. They provide complete turnkey solutions, including design, supply, installation, testing, and commissioning of distribution boxes and related electrical systems. Their services cover commercial, residential, and industrial projects, ensuring compliance with local regulations and high-quality standards.
2. Coloria Group Coloria supplies high-quality distribution boxes with global shipping capabilities to Middle Eastern clients. They focus on durable, weather-resistant products suitable for extreme temperatures, humidity, and sandstorm-prone environments. Coloria also offers consultation and support for contractors and developers to ensure proper installation and long-term reliability.
3. Al Safeenah Al Safeenah manufactures and supplies robust distribution boxes made from carbon steel, stainless steel, or thermoplastic. Their products feature IP65/IP66 weatherproof ratings, modular DIN-rail designs, and corrosion resistance, making them suitable for construction sites, industrial plants, commercial buildings, and renewable energy projects. They provide guidance for installation and integration into electrical systems.
4. Procom Middle East Procom offers power distribution boxes with a focus on fast delivery, quality assurance, and competitive pricing. They cater to contractors and developers needing reliable Level 1 distribution solutions for various projects across the region.
5. Middle East Distribution Centre LLC (MEDC) MEDC specializes in security technology and low-current systems, including distribution boxes for special...
