

Myanmar Electricity Meter and Distribution Box Manufacturer

AI Overview

Key suppliers of electricity meters and distribution boxes in Myanmar include Multi Power Engineering, Myanma Power Spectrum, Khin Maung Tun & Brothers, and IEM Myanmar, all offering products compliant with international standards. Leading Companies

1. Multi Power Engineering Co., Ltd. Multi Power Engineering manufactures and supplies electrical aids including distribution boxes and switchgear. They use high-quality raw materials such as EGI sheets, epoxy powder, bus bars, cables, and insulators. Their products comply with Myanmar Electrical Inspection (EI) and IEC standards, ensuring international quality and safety compliance.
2. Myanma Power Spectrum Co., Ltd. This company provides low-voltage, medium-voltage, and high-voltage electrical equipment, including distribution boxes and switchboards. They offer engineering services, site surveys, and procurement support for importing equipment. They also distribute products from international brands like Clazzy, Ortea, Eaton, and Siemens, making them a versatile supplier for both residential and industrial projects.
3. Khin Maung Tun & Brothers (KMTB) KMTB is a well-established distributor of low, medium, and high-voltage electrical products. They supply distribution boxes, meters, and other electrical equipment to major projects across Myanmar. The company emphasizes fast delivery, large stock availability, and reliable customer service, making them a preferred local partner for electrical installations.
4. IEM Myanmar IEM Myanmar specializes in power generation and distribution systems, including cabling, switchgear, and control systems. They provide engineering design, installation, commissioning, and maintenance services, offering a one-stop solution for electricity distribution needs. Their team of engineers ensures technical support for both industrial and commercial projects. Consideratio...
