

# Nationwide Multimode Fiber Optic Patch Cord Manufacturers

## AI Overview

Leading U.S. manufacturers of multimode fiber optic patch cords include CommScope, Fiber Instrument Sales, Newport, Fibertronics, Leviton, Corning, and Thorlabs. Key Manufacturers and Their Offerings

CommScope is a global leader in networking solutions, providing high-quality, factory-connectorized, machine-polished fiber patch cords suitable for data centers, telecom networks, and enterprise environments. Fiber Instrument Sales (FIS) is a U.S.-based manufacturer with over 30 years of experience, offering custom fiber optic cable assemblies. Clients can configure fiber type, connectors, and construction options online, making it ideal for tailored multimode solutions. Newport specializes in multimode fiber patch cables for demanding telecommunications applications, providing advanced designs for optimal performance in harsh environments. Fibertronics, Inc. focuses on custom fiber optic cable assemblies, ensuring compliance with NEC 770 and other industry standards, and delivering high-quality, customer-specific solutions. Leviton offers multimode fiber patch cords in OM1, OM3, OM4, and OM5 types with SC, ST, and LC connectors. They provide premium low-insertion-loss options, custom lengths, and same-day shipping for certain orders. Corning provides a comprehensive line of factory-terminated fiber patch cords and high-fiber-count assemblies. Their Quick Connect program ensures fast delivery with a 90% guarantee for EDGE Uniboot Jumpers. Thorlabs manufactures step-index and graded-index multimode fiber patch cables with various connectors (FC/PC, SMA) and specialized options such as AR-coated, solarization-resistant, and high-power cables. They also offer custom cable services with same-day shipment options.

Considerations for Selection

Fiber Type: Choose OM1, OM3, OM4, or OM5 based on bandwidth and distance requirements.
