

New Zealand supplier edge data center IP65

Overview

Prefabricated, modular, transportable, secure containerised data centres - each Edge Modular unit is a bespoke turnkey solution built in New Zealand to fit your ICT infrastructure today, as it grows tomorrow. Each Edge Modular build it tailored to specification using single use 10', 20' or 40'. The HPE Edge Center is a complete self-contained, single cabinet modular, and software-defined data center, which enables any IT environment at the edge. Made-to-measure data centres analyse data directly at the edge of the network, that is to say at the point where it is generated. This is a key factor for companies gearing up for the digital transformation of their business. The Edge Data Centre configurator. IP65 rated. Dynamix RODW9-400FK 9RU Vented Outdoor Outdoor Wall Mount Cabinet.
