

Nicaragua Daqiang Bridge

Overview

One plan envisioned linking Lake Nicaragua to the Pacific and Atlantic Oceans via approximately 201 km, but it faced protests, environmental risks, and was halted in May 2024. Nicaragua, officially the Republic of Nicaragua, is the geographically largest country in Central America, comprising 130,370 square kilometres (50,340 sq mi). Click any bridge name to isolate the bridge on its own page. Note: Completion year and longest suspended span length may not be known for all bridges listed below. Near 2013 San Jose de Pire - San José De Pire, Estelí, Nicaragua. From the lush Pacific coastline and volcanic highlands to the Caribbean coast and vast interior plains, Nicaragua presents both opportunities and challenges for visitors and.
