

Nigerian Outdoor Explosion-Proof Distribution Box Company

AI Overview

Several Nigerian companies supply ATEX and IEC-certified outdoor explosion-proof distribution boxes suitable for hazardous industrial environments. Key Suppliers and Manufacturers:

- Fairtex Group** Fairtex specializes in explosion-proof equipment and ATEX products, offering OEM design and manufacturing for hazardous areas including chemical, petrochemical, pharmaceutical, oil & gas, and marine industries. Their products are designed to withstand highly corrosive environments and meet international safety standards.
- Industry Safety Nigeria** This company is a trusted supplier of ATEX-certified products, including junction boxes, enclosures, control stations, and spark-proof tools. Their products are suitable for Zone 0, 1, and 2 hazardous locations and comply with ATEX 2014/34/EU directives. They serve industries such as oil & gas, refineries, chemical processing, and food processing plants.
- Tranos Nigeria** Transos offers ATEX junction boxes and enclosures made from copper-free aluminum alloy, carbon steel, or stainless steel. Their products comply with IEC, NEC, EN, UL, and CSA standards and can be customized for cable entry size and direction. They are suitable for Zones 0, 1, 2, 21, 22 and Class I, Division 2 hazardous areas.
- Warom Technology** Warom manufactures a wide range of explosion-proof electrical equipment, including distribution boxes, lighting fixtures, control equipment, motor switches, and cable connectors. Their products comply with IEC, ATEX, and IECEx standards and are widely used in petroleum, chemical, marine engineering, and mining industries.
- TradeFord Nigeria Directory** TradeFord provides a directory of Nigerian suppliers and exporters of explosion-proof junction boxes. This platform allows businesses to connect with manufacturers and suppliers for bulk procurement, project sourcing, and international trade opportunities.
