

Oman Power Distribution Cabinet Intelligent Dehumidification Device

Overview

The utility model provides an intelligent power distribution cabinet dehumidifying device for an electric power system, which has the characteristics of being convenient to disassemble and assemble a dehumidifying shell in an intelligent power distribution cabinet body, quickly. The utility model provides an intelligent power distribution cabinet dehumidifying device for an electric power system, which has the characteristics of being convenient to disassemble and assemble a dehumidifying shell in an intelligent power distribution cabinet body, quickly. The utility model discloses an intelligent power distribution cabinet dehumidifying device for an electric power system, comprising: the intelligent power distribution cabinet comprises a dehumidification casing, an intelligent power distribution cabinet body and a humidity sensor, wherein the rear. Sell Intelligent dehumidification device for power distribution cabinet intelligent Drainage type dehumidifier model CS001/SYZ-C2000B. Working power supply: AC/DC85-265V, power 20W. Direct-sale by China Manufacturer. The humid air is sucked into the dehumidification duct under the action of a fan. welcome to taobao purchase intellig dehumidifcommunication device jy-760a energy storage cabinet ring network cabinet box transformer moisture-proof and anti-condensation dehumidifier, taobao taobao/tmall tmall tmall foreign currency platform to support online, official logistics can be sent to the. In operating power transmission and transformation equipment, such as switchgear cabinets, pad-mounted transformers, control cubicles, ring main units (RMUs), and outdoor terminal boxes, the compact insulation distances between components make them highly susceptible to electrical discharge. With the rapid development of information technology and the emergence of new technologies, the intelligent dehumidification auxiliary monitoring system of distribution cabinet must be a high-performance and...
