

Oman power distribution box enclosure specifications and manufacturers

AI Overview

Oman offers a wide range of power distribution box enclosures, compliant with IEC and MEDC/DCRP standards, available from multiple local manufacturers including NEI, Premier Switchgears, Perfect Automation, Electro Mechanical Services, and Talent Electric Services.

Key Specifications

Standards and Compliance: Most enclosures conform to IEC 61439-1 & 2 for low-voltage switchgear and controlgear assemblies (Premier Switchgears) and MEDC/DCRP Oman specifications for safety and reliability (Electro Mechanical Services, Talent Electric Services).

Protection classes range from IP 55 for outdoor installations to other IP-rated enclosures depending on application.

Construction types include Form II, Form IIb, Form IIIb, Form IV, supporting both fixed and draw-out configurations for circuit breakers and control panels.

Material and Design: Enclosures are available in sheet steel or GRP/FRP for corrosion resistance and outdoor durability. Custom-built solutions for AMF panels, metering panels, pump control, AHU, VFD, street lighting, and generator control.

Cable entry can be from top or bottom, with easy access for maintenance. Panels can include MCCB, ELCB, ACB, or fuse cutouts, with direct reading or CT-operated kWh meters.

Ratings and Capacity: Low-voltage switchgear ratings up to 4000A (Premier Switchgears). Power distribution applications up to 6000A / 660V / 50Hz (Electro Mechanical Services). Short-circuit withstand ratings up to 50kA for 3 seconds.

AMF panels and power factor correction panels available for industrial and utility applications.

Leading Manufacturers in Oman

National Electrical Industries Co. L.L.C. (NEI) – Offers MCCBs, MCBs, ELCBs, distribution boards, and G.I. switch boxes for various power distribution applications.

Premier Switchgears Co. L.L.C. – Manufactures over 15 types of electrical panels, FRP enclosures, and automatic mains failure pan...
