

Philippine Fiber Optic Enterprise Router 1G

AI Overview

The Tenda G1 Enterprise Router is a 1G fiber optic router suitable for small to medium-sized enterprises in the Philippines. Tenda G1 Enterprise Router Overview The Tenda G1 Enterprise Router supports 1000Mbps broadband, making it ideal for high-speed fiber optic connections. It can handle up to 150 connected devices, with a recommended 100 devices for optimal performance, and supports concurrent connections up to 49,000. The router is equipped with a dual-core network processor and large memory, ensuring stable and fast network performance for HD streaming, online gaming, video conferencing, and smart office applications. It supports Router and Controller Mode, managing up to 128 APs in Router Mode and 256 APs in Controller Mode. The G1 also features 4 WAN ports for bandwidth overlay and smart traffic management, including automatic traffic balancing and user-based flow control. Security features include DoS, DDoS, ARP attack defense, IP/MAC binding, URL filtering, and VPN support (IPsec, PPTP, L2TP) for enterprise-level protection.

.Huawei Enterprise Routers For larger enterprises or more advanced networking needs, Huawei offers a range of enterprise routers in the Philippines. Models like the AR650 provide 1G forwarding performance, fan-free design, and integrated routing, switching, security, and Wi-Fi functions. Huawei routers are widely deployed for SME branches, campus networks, and enterprise WANs, offering high reliability, cloud-ready management, and SD-WAN capabilities.

.Local Availability and Distributors IT Warehouse is a trusted distributor in the Philippines for routers, switches, and fiber optic equipment, offering brands like Mikrotik, Ubiquiti, Ruijie, and Tenda. They provide expert consultation, installation support, and competitive pricing for enterprise networking solutions.

.Lazada Philippines offers online purchasing options...
