

Price of Dual-Core Power Optical Cable

AI Overview

Dual-core optical cables typically cost between \$0.13 and \$1.00 per foot, depending on fiber type, construction, and application.

Pricing Overview

The cost of a dual-core (2-strand) fiber optic cable varies based on whether it is single-mode or multimode, indoor or outdoor rated, and the quality of materials used. For example:

- Single-mode dual-core cables** (like LC/APC G.657.A2 standard) are commonly used for FTTH or building connections and can cost around \$0.13 to \$0.50 per foot for the cable itself, with higher prices for pre-terminated or armored versions.
- Multimode dual-core cables** (OM3 50/125µm) suitable for indoor/outdoor applications and 10G Ethernet up to 300 meters are available in spools of 1000 feet, typically priced around \$0.30 to \$1.00 per foot depending on jacket type and protective features.

Factors Affecting Price

- Fiber Type:** Single-mode fibers are generally more expensive than multimode fibers due to longer transmission distances and higher performance.
- Cable Construction:** Armored or plenum-rated cables cost more than standard riser-rated cables. Outdoor-rated cables with water-blocking or UV-resistant jackets also increase the price.
- Pre-Termination:** Factory-terminated cables with connectors (LC, SC, APC) are more expensive than bulk cable sold by the foot.
- Length and Quantity:** Buying in bulk or longer lengths reduces the per-foot cost, while short runs or retail purchases are more expensive.

Example Products

- FTTH LC/APC 2-core single-mode cable:** Indoor/outdoor, LSZH jacket, reinforced with aramid yarn, suitable for building connections.
- OM3 2-strand multimode cable:** Indoor/outdoor, riser-rated, supports 10G Ethernet, 1000-foot spool, black PVC jacket.

In summary, for a dual-core optical cable, expect to pay \$0.13–\$1.00 per foot, with the exact price depending on fiber type, jacket, and whether it is pre-terminated or armored. For large installations, bulk purchases can reduce costs significantly.
