

Price of FRP Ladder Cable Tray

AI Overview

FRP ladder cable trays in India start at approximately ₹67 per meter, with prices varying based on supplier, specifications, and order quantity. Price Range and Suppliers The cheapest FRP ladder cable trays are offered by suppliers such as Riya Fibrotech at ₹67 per meter, while SR Fiberglass and Excel Metal & Engg Industries list prices starting at ₹100 per meter. Prices can vary depending on tray width, depth, and type (solid, perforated, or slotted) as well as bulk order discounts (IndiaMART, May 15, 2026). Product Features Affecting Price FRP ladder cable trays are lightweight, corrosion-resistant, and non-conductive, making them suitable for harsh environments like chemical plants, offshore platforms, and water treatment facilities. Higher-quality trays with enhanced flame retardancy, anti-static properties, or specialized resin systems may cost more. Supplier Options Pindiprolly Fibres, Npsquare Industries, Spectron Composites – known for reliable service and quick response. NewReach and Creative Composites Group – offer fully fabricated ladder tray systems with compliance to international standards and customized solutions. Considerations for Buyers Bulk orders often reduce per-meter cost. Customization (tray width, depth, resin type) can affect pricing. Delivery and installation costs may vary depending on location and supplier. For the most accurate and up-to-date pricing, it is recommended to contact suppliers directly to request quotes based on your specific project requirements.
