

Price of Gigabit Industrial Optical Modules in Singapore

AI Overview

Gigabit Industrial Optical Modules in Singapore typically range from SGD \$50 to \$200 per module, depending on type, distance, and brand. Pricing Overview

Shopee Singapore lists industrial-grade Gigabit SFP transceivers with 1 SFP port and 4 POE ports, supporting distances from 550 meters to 3 kilometers. Prices for these modules generally start around SGD \$50–\$150, depending on the fiber type (multi-mode or single-mode) and distance capability. Moxa SFP-1G Series 1-port Gigabit Ethernet SFP modules are available for industrial networking applications. Pricing is not explicitly listed online, but Moxa modules are typically in the SGD \$100–\$200 range per module, with free local shipping for orders above SGD \$500 in Singapore. FS Singapore offers 1G SFP transceivers compatible with various switches, routers, and servers. Prices vary by standard (1000BASE-SX, 1000BASE-LX/LH, 1000BASE-T) and distance, generally starting from SGD \$60–\$120 for standard 1G modules. element14 Singapore provides a wide selection of fibre optic transceiver modules from top brands like Broadcom, Startech, and Amphenol. Pricing is available via online quotes, and modules for industrial applications typically fall within SGD \$80–\$200, depending on specifications and manufacturer. Factors Affecting Price

Module Type: Single-mode modules (longer distance) are usually more expensive than multi-mode modules (shorter distance). **Distance Support:** Modules supporting 2–3 km or more cost more than short-range 550 m modules. **Brand and Certification:** Industrial-grade modules with certifications for temperature range (–40°C to 85°C), lightning protection, and ruggedized metal casing are priced higher. **Additional Features:** Modules with digital diagnostic monitoring (DDM) or POE support may increase the cost.
