

Price of Sri Lanka Trapezoidal Cable Trays

AI Overview

The price of trapezoidal cable trays in Sri Lanka varies depending on material, size, and manufacturer, typically requiring direct supplier quotes for accurate figures.

Overview of Trapezoidal Cable Trays

Trapezoidal cable trays are widely used in industrial and commercial electrical installations for supporting and organizing cables. In Sri Lanka, they are available in various materials including hot-dip galvanized steel, powder-coated steel, aluminum alloy, and electro-galvanized steel. These materials influence both durability and cost, with hot-dip galvanized trays generally being more expensive due to superior corrosion resistance and mechanical strength.

Key Suppliers and Brands

Eastlink.lk offers a range of cable trays including steel, aluminum, and aluzinc options suitable for different environments. Bianco.lk features GERSAN and CEYLEKTRA brands, providing hot-dip galvanized and powder-coated trays that comply with international standards (EN 61537 and EN ISO 1461), ensuring long-term durability and corrosion resistance. Kiash Electricals supplies strong and flexible metal trays suitable for heavy-duty applications, including commercial buildings, power plants, and telecom centers.

Factors Affecting Price

Material: Hot-dip galvanized steel is more expensive than powder-coated or aluminum trays due to higher corrosion resistance.

Size and Load Capacity: Larger trays or those designed to carry heavier cables cost more.

Finish and Coating: Powder-coated trays offer aesthetic appeal and indoor corrosion protection, while hot-dip galvanization provides robust outdoor durability.

Customization: Some suppliers offer trays in custom RAL colors or specific dimensions, which can increase the price.

Recommendation

For accurate pricing, it is best to contact suppliers directly through their websites or sales teams. Most suppliers, including Eastlink.lk, Bianco.lk, and C & D International, provide quotation services based on project requirements, material choice, and tray dimensions. This ensures you receive a price tailored to your speci...
