- Wire Size Range:** Connectors that accommodate larger conductors (e.g., 250 kcmil) cost more.
- Brand:** Established brands like BURNDY, B-Line, and Thomas & Betts tend to have higher prices due to quality and UL listing.
- Quantity:** Bulk purchases or multi-packs can reduce the per-unit cost.

Where to Buy

- Grainger:** Offers BURNDY and other copper connectors with detailed specs and UL listings.
- eBay:** Provides a wide range of new and used connectors, often at lower prices, with shipping options.
- Amazon:** Multiple brands and sizes available, including BURNDY, Thomas & Betts, and Appleton, with customer reviews.
- Platt Electric Supply:** Offers cable tray ground lugs and bonding jumpers, including copper and aluminum options.
