

Price of tray-type cable trays in Tanzania

AI Overview

Cable tray prices in Tanzania typically range from TZS 50,000 to TZS 500,000 per meter, depending on type, material, and duty rating. Price Overview Cable trays in Tanzania are available in light, medium, and heavy-duty types, usually made from pre-galvanized steel. The cost varies based on:

- Type and duty rating: Light-duty trays are the most affordable, while heavy-duty trays designed for industrial applications are more expensive.
- Material: Pre-galvanized steel is common, but stainless steel or coated trays may cost more.
- Size and length: Longer trays or wider widths increase the price.
- Supplier and brand: Reputable suppliers like Shopit, Brilltech, and J Selectromec may offer higher quality and service, affecting cost.

Estimated Price Range

- Light-duty cable trays: Approximately TZS 50,000 – 120,000 per meter
- Medium-duty cable trays: Approximately TZS 120,000 – 250,000 per meter
- Heavy-duty cable trays: Approximately TZS 250,000 – 500,000 per meter

These prices are indicative and may vary depending on project requirements, bulk orders, and delivery options.

Additional Considerations

- Accessories: Bends, couplers, and supports are sold separately and can add to the total cost.
- Installation: Labor costs for mounting and securing cable trays should be factored into the overall budget.
- Local availability: Some suppliers may offer faster delivery and better after-sales support, which can influence the final cost.

For accurate pricing, it is recommended to contact local suppliers directly to get quotes based on your specific project needs and tray specifications.
