

Qatar Fiber Optic Cable Construction Tender

AI Overview

Qatar currently offers multiple fiber optic cable construction tenders, including a major EPCIC contract for a 140-km subsea fiber link in the energy sector. Recent Major Contract Milaha's subsidiary, Halul Offshore Services Company, recently secured a significant EPCIC (Engineering, Procurement, Construction, Installation, and Commissioning) contract for the New Fibre Link Project with North Oil Company (NOC). Valued at over QAR 262 million (\$70 million), the project involves constructing a 140-km fiber cable system connecting Al Kabaan to Ras Laffan and the Al-Shaheen oil field. The installation will use specialized equipment and subsea bridges, with the cable subsequently buried and integrated with existing platform assets to enhance connectivity and data transmission in Qatar's energy sector.

Tender Platforms and Opportunities

Several platforms provide access to fiber optic cable tenders in Qatar:

- GlobalTenders:** Offers a comprehensive database of optical fiber cable tenders, including supply, installation, and monitoring services. The platform provides advanced search filters, market analysis, and tender training for companies of all sizes.
- Qatar Tenders Projects Platform (QTPP):** Qatar's official portal for government and private tenders, RFQs, and sub-contract opportunities across Qatar and the GCC. It provides access to running projects and categorized business opportunities.
- Tendersinfo:** Aggregates government and public sector tenders, including RFPs, RFQs, and international bidding opportunities. It allows users to search by project type, location, and funding source.
- Muqawlat Qatar:** Focused on construction and infrastructure tenders, including fiber optic projects, providing a gateway for contractors to bid confidently on engineering and infrastructure projects.

Key Considerations for Bidders
