

Recommended AI Servers in the UAE

AI Overview

Top AI server options in the UAE include Dell, HPE, Lenovo, Supermicro, Huawei, and locally manufactured Kerno servers, as well as cloud-based GPU solutions from AI Hosting Hub.

Enterprise AI Servers For businesses requiring on-premise AI infrastructure, enterprise AI servers are optimized for machine learning, deep learning, and high-performance computing workloads. Key options include:

- Dell PowerEdge Series:** XE9680, XE9785, XE9712, R750xs, C4140 – high-density GPU acceleration for AI model training and HPC applications.
- HPE Servers:** DL380 Gen10/Gen10 Plus, Apollo 4200 Gen10 – scalable memory and GPU support for AI workloads.
- Cisco UCS Servers:** C480 M5, C240 M5, C220 M6 – designed for enterprise AI and generative AI applications.
- Lenovo ThinkSystem SR670** and **Supermicro SYS-1029GQ-TVRT** – support multiple GPUs and large memory configurations.
- Huawei Fusion Server G5500** – optimized for AI, ML, and HPC tasks.

These servers are suitable for industries such as healthcare, finance, retail, education, and manufacturing, supporting AI applications like predictive analytics, recommendation engines, and intelligent automation.

Locally Manufactured AI Servers Kerno, a UAE-based manufacturer, produces high-performance AI servers and universal server systems locally in Dubai. Their UQLEAD AI Servers feature scalable PCIe and SXM GPUs for training and inference of large AI models. Benefits of Kerno servers include:

- Fast delivery and minimal lead times
- Full local support and dedicated customer service
- Compliance with global standards and hypervisor compatibility (VMware, Red Hat)
- Enhanced data security and technological sovereignty

Kerno's facility can produce up to 60,000 solutions annually, making it a strong option for organizations seeking locally manufactured, enterprise-grade AI infrastructure.

Cloud-Based GPU Solutions For flexible, scalable AI workloads, AI Hosting Hub offers GPU cloud hosting and GPUaaS solutions in the UAE. Features include: NVIDIA H100, H20...

Dell AI Servers in Dubai UAE | GPU AI Server Solutions

Dell AI servers are designed for high-performance computing tasks such as machine learning, deep learning, and big data analytics. Businesses in Dubai UAE use these servers to process large

AI Servers Manufactured in the UAE, Built for the Middle East | Kerno ...

Dubai, UAE, October 10, 2025 - At GITEX GLOBAL, Kerno — the region's first full-cycle server and data storage manufacturer — will unveil its latest high-performance AI servers and universal server systems.

AIH Hub | AI Hosting Hub FOR CLOUD SERVICE

AI Hosting Hub : Building Tomorrow's Future with Sustainable GPUaaS Solutions, Get managed GPU cloud hosting in UAE: 10x speed, ironclad security, 24/7

NextGen AI

On-demand access to powerful GPU resources, enabling rapid deployment of AI applications without heavy upfront investments. Managed Security Service

Enterprise AI Server Dubai UAE | Dell AI Servers for Business

Businesses in Dubai are increasingly adopting enterprise-grade AI servers powered by NVIDIA GPUs and Dell PowerEdge architectures to support AI model training, AI inferencing, and high-performance

UAE AI Server Market Size, Share, Trends and

In UAE AI Server Market, offering valuable insights, key market trends, competitive landscape, and future outlook to support strategic decision.

UAE Data Centers: Powering the Middle East's AI

The UAE is transforming into a global data center hub, driven by AI, sovereign cloud, and hyperscale investments.

AI Servers Manufactured in the UAE, Built for the Middle East | Kerno ...

Meet the engineering and executive teams, explore the latest innovations, and discover how Kerno's solutions can empower your organization to build digital and AI infrastructure in the

Top AI Servers Powering the Next Generation of

At the heart of this revolution are AI-optimized servers, designed to support the compute-intensive workloads of deep learning, generative AI, and

AI Servers for Sale in Dubai: Prices and Specifications at HYPERPC

Servers for artificial intelligence and machine learning with delivery in Dubai and across the United Arab Emirates. Warranty, prices and specifications.

AI Servers manufactured in the UAE, engineered for the

Dubai, UAE — At GITEX GLOBAL, Kerno, the region 's first full-cycle server and data storage manufacturer — will unveil its latest high-performance AI

AIH Hub | AI Hosting Hub FOR CLOUD SERVICE & DATACENTERS

AI Hosting Hub features NVIDIA H100, H200, and GB200 GPUs for optimal performance, AI Hosting Hub is U''AEs leading sustainable cloud IaaS, specialising in HPC and GPU infrastructure.

Buy High-Performance Servers for AI | Best AI Servers in UAE

Want to buy the best-in-class AI servers at affordable prices in the UAE? Explore the latest AI servers from Dell, HPE, Cisco, Supermicro, Lenovo, and Huawei in one place offered with instant discounts

Boost AI Workloads with High-Speed Dedicated Servers

AI-dedicated servers from ServerBasket, UAE, are the crucial AI infrastructure solution with enterprise hardware, a multi-GPU cluster, and NVMe SSD storage
