

Recommended horizontal cable trays in Bahrain

AI Overview

For reliable horizontal cable trays in Bahrain, consider suppliers like BSLI, Bahra Electric, ALBaith Lighting, Bright Star Electrical & Mechanical, and Ameeri Industries, offering a range of metallic, non-metallic, perforated, and epoxy-coated options.

Key Suppliers and Options

1. Bahrain Switchgear & Lighting Industries (BSLI) BSLI offers a wide range of cable trays and trunking designed for accuracy, durability, and timely delivery. Their products are manufactured using modern computer-controlled machinery, ensuring high-quality standards suitable for commercial and industrial installations in Bahrain.
2. Bahra Electric Bahra Electric provides versatile metal and non-metallic cable trays with modular designs. Their trays enhance safety by securing cables, improve organization, and allow easy access for maintenance or future upgrades. They are suitable for suspended ceilings, floor-mounted setups, and other horizontal installations.
3. ALBaith Lighting ALBaith Lighting supplies T&B perforated trays in aluminum or steel, ranging from medium to ultra-heavy duty. Their systems include straight sections, fittings, covers, and accessories, allowing full perforated tray systems from a single source, ideal for horizontal cable routing.
4. Bright Star Electrical & Mechanical W.L.L Bright Star offers epoxy-coated cable trays and trunkings, providing corrosion resistance and long-term durability. They represent trusted international manufacturers and cater to industrial and commercial projects, ensuring compliance with technical specifications and timely delivery.
5. Ameeri Industries Ameeri Industries provides AMETECH GI cable management systems, including cable trays, ladders, and trunking. Their horizontal cable trays support and protect power and network cables, making them suitable for large-scale installations requiring organized and accessible cable management.
