

Rx distribution box

Overview

The RX remote power distribution cabinet supplies packaged power distribution in the smallest possible footprint, with 400 Amp and 84 poles in one panelboard, and only requiring 24"x12" of space. The influx of client/server rack equipment is changing the content of data centers. Space is at a premium, so the data center power support infrastructure must be compact and flexible, to meet changing room. The compact Vertiv™ Liebert® RX cabinet is available with panelboard level or branch circuit level monitoring, and can be used in 1 - 4 unit space-saving configuration blocks. We have 1 vertiv Liebert RX Distribution Cabinet manual available for free PDF download: User Manual Vertiv Liebert RX Distribution Cabinet Pdf User Manuals. Up to 168 poles in a 24"x24" footprint.
