

Safety covers for distribution boxes and cabinets

Overview

Covers for distribution panels ensure a clean, safe, and standards-compliant finish for electrical distributions. They protect live parts from accidental contact, conceal open areas, and support a tidy overall appearance in the meter panel, subdistribution board, or control. Electrical distribution panels: Suitable for protecting switches, indicators, and other electrical components. Control cabinets: Enables easy monitoring of equipment condition through a transparent cover. Transparent. SmartGuard manufactures clear plastic covers for electricians that protect outlets, switches, breaker boxes, electrical panels, mud rings, and more during construction. Our covers snap or screw on in seconds — no tape, no rework, no debris getting into your rough-in work. Made in the USA from. Justrite's Cabinet Cover is an easy way to prevent the placement of potentially dangerous items on top of safety cabinets.
